

A diagram illustrating the decomposition of a problem. At the top, a large dark blue rectangle is labeled "PROBLEM" in white capital letters. Two vertical dashed lines divide this rectangle into three equal sections. Below each section, a solid black arrow points downwards to a smaller dark blue rectangle. These three rectangles are labeled "CHUNK A", "CHUNK B", and "CHUNK C" in white capital letters, respectively. The entire diagram is set against a light gray background.

**PROBLEM**

**CHUNK A**

**CHUNK B**

**CHUNK C**
